25639	1/10/08	Motueka Tennis Club, tennis courts in Memorial Park	Moss on tennis courts needs spraying, Agnes McNabb from the tennis club has requested this. contact is 5287436 after 6.30pm	Enquiry Raised	Responsibility of the tennis club, information passed on to club.		DE
31809	24/06/09	North Street	The heavy rain in June has undermined the work done in this street. The potholes need refilling. Long term solutions are needed for drainage and footpathing. Local residents would like meeting to discuss options. CB is happy to arrange.		Work to be progressed as timeframes allow. Steve communicated with David re this. Happy to meet with residents if required and organised by CB.		DO
31816	24/06/09	Woodland Avenue	at the northern end of Woodland Ave there is a 90 degree bend going towards High Street. Occasionally there are vehicles parked on this bend requiring vehicles travelling towards High Street to veer across the centre onto on-coming traffic, which is an accident waiting to happen. No parking lines at the bend and 20 metres to High Street would provide a much safer situation.		with Steve Elkington		DO
33329	21/07/09	Motueka memorial Hall/Library	The area of concrete between the hall and the library has been patched many times. It is uneven, particularly near the ramp by the Hall emergency doorway and has a mix of patched asphalt and cracked concrete. This area needs to be relaid		Francie will be investigating when in Motueka on 7 October 2009		DO
32584	7/08/09	Public toilets in Wallace Street, at the Site and Pah Street at the Memorial Hall, Motueka	These toilets have no hot water, soap or drying facilities. This should be rectified as an extra precaution against spreading of flu. Could Jo look into this complaint Ta Francie		order printed 07/08/09	14/08/09	DE

32930	27/08/09	200m upstream from the West Bank Road bridge, across the Brooklyn Stream.	A number of trees have been cut down. The branches & limbs (some reasonably large) are left on the edge of the stream and likely to be hazardous in a heavy rain and rising waters.		passed to compliance 21/09/09 as trees appear to have been chopped down by orchardist and pushed over edge		DO
952	27/08/09	Corner Trewavas Street & Everett Street	The new seal at this corner has not been properly applied and has lifted badly. (Contractor either Fulton Hogan or Concrete & Metals - He thinks FH). This is similar to the problem in Greenwood Street.		Waiting on FH to fix seal. Is weather controlled and will probably be done in November		DO
953	27/08/09	Intersection of Umukuri Road & Little Sydney Road	The road sign here is a mixture of the new blue lettering and the old yellow/black. It's not a good look and the sign needs to be updated completely.		No action to be taken. Considered signage to be adequate.		DO
954	27/08/09	Corner Tudor Street & Hickmott Place	Caravan waste-water dump sign continually points the wrong way. Arrow often directed up Tudor Street. This is on an upright sign, part of multiple signs. Can it be positioned rigidly?			27/08/2009	DO
956	27/08/09	Brooklyn Valley Road	There are some deepening pot holes and severe corrugations along the gravel section of the Brooklyn Valley Road. Possibly required loads of gravel rather than grading		Assessed and considered at allowable standard		DO
33213	10/09/09	Opposite 49 Motueka Quay	Large gum tree needs attention. Several broken and dead branches need attending to.		Referred to Brad C asked her to visit Beth next time in Mot - have looked at tree before and not seen as hazardous. Kathy 10/09/09	10/09/09	Beth Bryant via community board
